Honolulu Agents.

As an asylum for deposed royalty,
California would make a good hostess.

There is a certain section of society
here which has always manifested a
decided taste for Hawaiian throne-
lings and these people would make it as
pleasant for Liliuokalani as they for-
merly did for Kalakaua.

To Admit New Mexico.

WASHINGTON, August 14.—The
bill for the admission of New Mexico
will be introduced in the House early
in the next session by Mr. Ferguson,
who is himself a Democrat, with silver

THEY ARE RESTING

Diplomats Not Discussing Hawai- ian-Japanese Affairs.

PRESS IS MORE CONCILIATORY

Some Favor United States as Arbitrator.

The Ex-Queen on Her Way to Cali-
fornia—May Reside There
Permanently.

WASHINGTON, August 18.—Minis-
ter Hoshi of Japan has returned from
a visit to Marquis Ito at New York,
and after going over the last official
mail from Japan left for his summer
cottage at Berkeley Springs. Mme.
Hoshi and her children have utilized
the hot season for a trip to Japan, and
will return in the autumn.

There are no developments in the
Hawaiian-Japanese controversy, and no
reply has been received to Secretary
Sherman's latest communication. The
press of Japan has become much more
conciliatory, and the arbitration nego-
tiations between Japan and Hawaii are
regarded as disposing of the chances
of trouble between the United States
and Japan.

The Japan Mail explains that the
man-of-war Naniwa was not dispatched
to Honolulu for the purpose of mak-
ing an armed demonstration, but simply
to secure the orderly behavior of
Japanese subjects in Hawaii. It
adds that Japan is to be congratulated
that arbitration, the only civilized exit
from an international difficulty, has
been selected as a means of settling a
mere question of compensation.

The Manishi Shimbun urges that
the United States should be compli-
mented by being named as arbitrator,
rather than Norway and Sweden. It
says that a decision by the United
States could be relied upon as fair, and
under existing circumstances it would
probably be in Japan's favor.

This suggestion has aroused discus-
sion in Japanese papers, and the Japan
Mail, while approving the plan, says
the United States would not be willing
from considerations of delicacy, to act
as arbitrator.

There are, however, some exceptions
to this cordial expression.

MAY LIVE IN SAN FRANCISCO.

Ex-Queen Will Remain There for
Some Time at Least.

The Chronicle of August 15th has
it that there is some possibility that
ex-Queen Liliuokalani may make her
future home in California. She has
found the climate of this State sublimi-
ous, and the place is as near to her old
home as she can get and remain out of
it. In San Francisco or its suburbs the
ex-Queen could get the latest news
from Hawaii, and be on hand, in case
her presence in the Islands were need-
ed.

For some time Liliuokalani has been
talking to her friends about a residence
in California, where she has many
warm friends and of which she is fond.
She has about concluded that her pres-
ence in Washington and the East can
do no possible good and has sent word
to friends in San Francisco that she
will be here in about 10 days.
Liliuokalani has announced her in-
tention of remaining here at least two
months, and during that time will have
her residence at the California Hotel.
After that her plans are indefinite.
Either she will return to the East, may
even go to Europe to meet her niece,
the Princess Kaiulani, or else she will
remain in California and rent or pur-
chase a house, where she will establish
a permanent residence. In that case
the heiress apparent to the defunct
throne may join her relative in Cali-
fornia.

As an asylum for deposed royalty,
California would make a good hostess.
There is a certain section of society
here which has always manifested a
decided taste for Hawaiian throne-
lings and these people would make it as
pleasant for Liliuokalani as they for-
merly did for Kalakaua.

To Admit New Mexico.

WASHINGTON, August 14.—The
bill for the admission of New Mexico
will be introduced in the House early
in the next session by Mr. Ferguson,
who is himself a Democrat, with silver

sympathies, and the eagerness with
which the sound-money Republicans
will rally to the support of the bill is
an open question. One of the strongest
workers for the admission of New
Mexico is Brig.-Gen. E. A. Carr, United
States Army (retired) of Albuquerque,
who, it is understood, would like to be
Governor.

Arizona will make in the House re-
newed pleas for admission through her
delegate, Marcus A. Smith of Tucson,
and Senator Carter is expected to add
his efforts in the Senate.

SITUATION IN SPAIN.

Division in the Banks of the Con-
servatives.

NEW YORK, August 17.—The World
prints the following from San Seba-
stian, prefacing it with a statement that
it has passed through the hands of the
Spanish censor: Senor Castelar and
several other leading statesmen, both
Liberal and Conservative, have been
questioned concerning certain declara-
tions recently attributed to Secretary
Sherman, and they assure me that they
do not attach any importance to them,
even if true, because all Spanish poli-
ticians and the Government always
draw the line between the opinions
and utterances of Secretary Sherman
and President McKinley. They are
firmly convinced that the statesman-
ship, foresight and spirit of justice of
the President would easily overrule
the prejudices of the Secretary of State,
even if the additions of the latter of-
fice did not oblige Mr. Sherman to un-
derstand the expediency of abstaining
from compromising expression of
opinions formerly compatible with the
independent position of a member of
the Senate, but not with a Minister of
a great republic.

WORKING AGAINST BRITAIN.

The Pan-Islamic Synod and the
Ameer.

NEW YORK, August 16.—The Sun's
Constantinople cable says: In con-
nection with the reports regarding the in-
citements by the Ameer of Afghanistan
of the Mohammedans of India to revolt
against the rule of the British, it is
said that the Pan-Islamic synod here,
finding that the Ameer hesitates to
follow its orders, has determined to
force his hand.

A person who is connected with the
synod, in conversation with a friend,
said: "We have now induced the
Brakmins to join us in working against
the British yoke. The war of the Ko-
ran against the Gospel is beginning.
Nothing can now prevent what is here
written from happening."

WEYLER STILL IN POWER.

Cabled His Resignation, But Was
Told to Remain.

NEW YORK, August 15.—A dispatch
to the Herald from Havana, via Key
West, says: Captain-General Weyler's
summer campaign came to an inglori-
ous end last Wednesday when he re-
turned to this city with rebels firing on
his rear guard all the way to Havana.
The Captain-General made a public
entry into the capital, but his reception
was chilly. General Weyler cabled
his resignation to Madrid on Thursday.
Last night I saw a copy of the reply
he received. He was told to remain in
Cuba so long as the present Ministry
holds power. The suspense here is in-
tense, but no excitement appears on
the surface.

BOUND FOR THE SOUTH POLE.

Departure of the Belgian Antarctic
Expedition.

ANTWERP, August 15.—The steam-
er Belgica, with the Gerlache Antarctic
expedition on board, sailed at 10
o'clock this morning. Crowds assem-
bled to bid farewell to the explorers,
who were heartily cheered as the Bel-
gica left port.

The expedition, it is expected, will
land at Graham's Land early in No-
vember. The crew of the Belgica num-
bers 31 men. She has on board pro-
visions for two years. The United
States cruiser San Francisco saluted
the departing Belgica.

Prince Henry Injured.

PARIS, August 15.—The Count of
Tourn and Prince Henry of Orleans
fought a duel with swords at 5 o'clock
this morning at the Bois de Maroe-
chaux, Vincennes. H. Leconteff acted
as umpire. The fighting was most de-
termined and lasted 26 minutes. There
were five engagements, of which two
were at close quarters.

Condemned to Death.

MADRID, August 15.—Michel Angi-
ollilo, or Goli, the assassin of Premier
Canovas del Castillo, who was tried by
court-martial yesterday at Vergara,
was found guilty and was sentenced to
death. Upon hearing the sentence An-
giollilo turned deathly pale and had to
be assisted from the court room. He
will be garroted within the prison.

Italian Minister Dead.

ROME, August 15.—Signor Giacomo
Costa, Minister of Justice, is dead.
Shortly before he expired he sent a
touching death-bed telegram of fare-
well to King Humbert. Marquis di
Radini, the Premier, will temporarily
assume the portfolio.

DAIRIES PROTEST

Against Recent Killing of Num- ber of Cows.

LONG MEETING OF HEALTH BOARD

Many Matters Discussed and Decided on.

Chinese Hospital Sends in Petition.
Communication From Custom
House Left With President.

At the regular meeting of the Board
of Health yesterday there were pres-
ent the following: President Smith,
Drs. Day, Wood, Howard, Monsarrat,
Alvarez, Messrs. Lansing, Reynolds
and Kellipio. Minutes of the previous
meeting read and approved.

The usual monthly report (July) of
Kapiolani Maternity Home was read
and approved.

The Board of Examiners reported
that Dr. Hubert Wood had complied
with the regulations of the Board of
Health and recommended that he be
granted a license to practice. The
Board recommended that the Minister
of the Interior grant such license.

The same course was followed in the
cases of Drs. J. W. and Philip Waugh-
top, subject to their filing certificates
of character.

Protests were received from the
Woodlawn Dairy Stock Company and
the Honolulu Dairy Company in re-
sponse to the killing of certain dairy
cows, on the ground that they were af-
fected with tuberculosis. These were
read and filed.

A communication from the Custom
House was read. In this it was asked
that the Board of Health analyze cer-
tain opium pills, recently imported,
which were sent in a bundle, with the
idea of ascertaining if there was con-
tained therein more than the percent-
age allowed by law.

It was the opinion of more than one
member of the Board that the Custom
House people were asking the
Board of Health to do their work. It
certainly was not one of the duties of
the Board to go down to the Custom
House and see how much opium there
happened to be in the pills.

Samples of the pills were then exhib-
ited to the members, and it was noticed
that they were very much larger than
usual. Some were in the form of tab-
lets. The matter was left to President
Smith.

Dr. Thompson of Hilo, who is now in
California, asked that his leave of ab-
sence be extended to October 1st.
Granted.

The next matter that claimed the
attention of the Board was a petition
from the Board of Directors of the
Chinese Hospital in Palama. In this it
was stated that the Chinese physician
appointed to superintend the hospital
had been found incompetent to fill the
position. On that account, another phy-
sician, very well versed in the practice
of medicine, from a Chinese standpoint,
had been sent for. He arrived on the
Coptic. The physician in question, Dr.
Tong Sui Ting, was direct from the
Tong Wa Hospital, in China, and came
highly recommended by Dr. Thomp-
son, the Government hospital phy-
sician. He had been appointed resident
physician by the Chinese Hospital
management, and asked that the Board
find some way of granting him a li-
cense to practice, not on the outside,
but within the limits of the hospital
alone. He was not versed in foreign
methods and could not pass an exami-
nation in such. However, in Chinese
methods, there were none in China
who could excel him.

President Smith then read a letter
from Mr. Frank Damon, in which the
writer, a man closely identified with
work among the Chinese in this city,
asked that the petition be granted. In
the granting of a license to Tong Sui
Ting a precedent need not be consid-
ered established.

Dr. Wood said that a physician, no
matter of what nationality he hap-
pened to be or what methods he had
studied, should know something about
anatomy and physiology. Unless such
were the case a man could not legally
practice medicine.

The Board then moved that the fol-
lowing answer be made to the petiti-
on: "It is the opinion of the Board
that a license to practice medicine can-
not be recommended or granted, un-
less the applicant passes a satisfactory
examination as provided by law; but
in the case of Dr. Tong Sui Ting, if he
serves in the Chinese Hospital as as-
sistant to a regularly licensed phy-
sician, such physician being responsible

for the treatment of the patients, per-
mission will be granted him to serve."

Bills for the electric plant, recently
put in at the Quarantine Station were
then placed before the Board, and a
whistle went around the table. It was
learned that the sum of \$625 over and
above the amount at first agreed upon
by the Board had been expended in the
purchase of the plant. There was a call
for explanations, and one member of
the Board vouchsafed the information
that Mr. Cassidy had found the first
plant agreed upon too small for the
place, and had ordered a larger one.
The matter was allowed to go over un-
til the next meeting, during which
time an investigation will take place.

President Smith read a communica-
tion from a couple of physicians in
Texas, asking for information regard-
ing the laws governing the practice of
medicine in the Hawaiian Islands and
the prevalent diseases, etc. Some of
the questions were as follows:

"In regard to fees, do the people pay
cash?"

Mr. Lansing: "That is not easy to
answer."

"How much does the average physi-
cian get per annum?"

President Smith: "The Supreme
Court has just knocked out the Income
Tax Law and we cannot tell."

An application from Dr. Hubert
Wood, asking that he be made Gov-
ernment physician in Koolau, was then
read. This gave rise to a general dis-
cussion, and the prevailing opinion
seemed to be that there should be a
physician in the District of Koolau,
and as Dr. Wood had given notice that
he was going to Heela to live, it would
be convenient all around. The Sec-
retary was instructed to write the appli-
cant, telling him that the matter would
be considered by the Board.

The petition of Dr. Oliver of Molo-
kai for a leave of absence was granted.
Dr. Oliver intends to come to Honolulu
on business.

Permission was granted Messrs. Garf
and Hancock, two members of the Lat-
ter-Day Saints, to visit the Leper Set-
tlement on Molokai, on Sunday, Sep-
tember 12th.

Communications from Dr. Eldredge
to Minister Cooper were read. These
contained reports of epidemic dysen-
tery in Japan. It was on the increase
and made regular annual visits. The
skill of the doctors had, so far, been
of very little benefit in quelling the
disease.

The sanitary conditions for this time
of the year were very good.

President Smith called attention to
the fact that the time when the cholera
made its appearance in Honolulu
was almost at hand. Greatest precau-
tion should be taken in regard to the
steering passengers from the Orient.

The Board received the necessary in-
formation regarding the place for the
Chinese burying ground in Hanalei,
Kauai. The petition of the Chinese re-
sidents was then granted.

A communication from a house, deal-
ing in a certain kind of tar soap, re-
ported to have done some good to the
lepers at the Molokai settlement, was
read and the matter referred to Health
Agent Reynolds.

In answer to a question by President
Smith as to when he expected to de-
part, Dr. Alvarez replied that he would
leave on the Warrimoo of September
3d.

Dr. Day stated that he thought it
would be a good plan if Dr. Alvarez
were authorized by the Board to look
up a suitable disinfecting lamp, which
could be used here in houses where an
infectious disease happened to be.

President Smith said that he thought
there should be a good supply of bi-
chloride of mercury on hand in case of
an emergency. The members of the
Board were of the same opinion, and
Dr. Howard was authorized to order
100 pounds more.

Dr. Day said that another list of the
amount and kinds of drugs necessary
should be made soon. The time of mak-
ing bids was near at hand.

In speaking of vaccine, Dr. Howard
stated that there would be 2,000 chil-
dren vaccinated next month.

In regard to this, the Board wishes
it understood that the law regarding
vaccination will be rigidly enforced at
the beginning of the next school year.

Dr. Monsarrat was granted a leave
of absence from September 7th to 17th.

President Smith stated that the peo-
ple at the Molokai Leper Settlement
were very much pleased with the visit
of Messrs. Reynolds and Wilcox. They
felt that the presence of officers of the
Board of Health in their midst, from
time to time, means that their wants
are being attended to.

The Board adjourned at 4:30 p. m.

Ex-Corean Minister Dead.

WASHINGTON, August 12.—Pom
Kwang Sob, ex-Minister from Corea,
died at 3:30 this afternoon of acute con-
sumption, recently aggravated by over-
exertion. The funeral arrangements
will be attended by the Korean Leg-
ation. It was Mr. Sob's wish that his
body be cremated.

"Let me give you a pointer," said M.
F. Gregg, a popular conductor on the
Missouri Pacific Railroad. "Do you
know that Chamberlain's Colic, Chol-
era and Diarrhoea Remedy cures you
when you have the stomach ache? Well, it does." And after giving this
friendly bit of advice, the jolly con-
ductor passed on down the aisle. It is
a fact that thousands of railroad and
traveling men never take a trip without
a bottle of this Remedy, which is the
best cure for bowel disorders in the
world. For sale by all druggists and
dealers, Benson, Smith & Co., agents
for Hawaiian Islands.

SPECIAL SESSION

President Dole Issues a Pro- clamation.

SENATE TO CONVENE SEPT. 8

To Ratify Treaty of An- nexation to U. S.

Taking Time By the Forelock.

Will Avoid Delay—Prompt
Action Expected.

Ever since the treaty of annexation
went into the hands of the Foreign
Relations Committee of the United
States Senate there has been more or
less speculation as to how long, after
the treaty was passed in Congress, it
would take to have it ratified by the
Hawaiian Senate. As long as Con-
gress was in session and the people
were on the anxious seat of sus-
pense as to the action Congress would
take in the matter this speculating re-
garding the ratification continued but
when Congress adjourned it appar-
ently ceased.

Then Minister Hatch returned and
since his arrival he has been closeted
with the Cabinet on three different oc-
casions. The matter under discussion
was supposed to be the Japanese-Ha-
waiian difficulty and this supposition
was reasonably correct as far as it
went. None of the Cabinet Ministers
would speak of the meetings or give
to the reporters any information con-
cerning them. But yesterday the mat-
ter was made public and while the Ja-
panese matter was incidentally touched
upon the main issue was the suggestion
of Minister Hatch to call a special ses-
sion of the Senate for the purpose of
ratifying the Hawaiian treaty of an-
nexation now in the hands of Con-
gress.

Minister Hatch brought with him
from Washington a copy of the treaty
as signed and it is this document with
its changes from the original treaty
of 1893 which the Senate will be asked
to ratify. When asked to verify the
rumor that a special session would be
called, Minister Cooper said:

"It is quite true and the president
has named September 8 as the day.
This action is deemed advisable for
two reasons. First because the ratifi-
cation of the treaty here will dispel any
doubts of the people of the United
States regarding our feeling in the
matter and we believe that such action
will expedite the passage of the treaty
by the Senate of the United States.
Another thing it will tend to avoid the
necessity for any long delay in trans-
mission of the treaty to Honolulu after
action has been taken in Washington."

It is not expected that there will be
any debate necessary to carry the
treaty through the local senate, the
changes in the present document be-
ing immaterial, except as so far as re-
lates to Liliuokalani, and as the an-
nexation resolution presented by Sen-
ator Lyman was unanimously adopted,
it will probably require but a few mi-
nutes after the body is called to order,
to ratify the treaty. The members having
placed themselves on record as favor-
ing the measure cannot now stultify
themselves when the time comes.

The senators who sat during the last
session were Messrs. Wilder, Water-
house, Brown, McCandless, Lyman,
Baldwin, Holstein, Kauhane, Northrup,
Wilcox, Wright, Horner Hocking, Rice
and Schmidt. Of these, Senator Hock-
ing is the only one absent from the is-
lands.

The full text of the treaty was pub-
lished in the Advertiser on July 28, and
